

NBI U.S. Dividend Fund

Category: U.S. Equity

Quick Facts

The fund's investment objective is to obtain long-term capital appreciation and increase capital while focusing on the generation of dividend income. The fund invests directly, or indirectly through investments in securities of other mutual funds or through the use of derivatives, in a portfolio composed mainly of equity securities of U.S. companies with large market capitalizations that pay or are likely to pay dividends.

Disclosure

NBI Mutual Funds (the "Funds") are offered by National Bank Investments Inc., a wholly owned subsidiary of National Bank of Canada. Commissions, trailing commissions, management fees and expenses all may be associated with investments in the Funds. Please read the prospectus of the Funds before investing. The indicated rates of return are the historical annual compounded total returns which include changes in the value of securities and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. The Funds' securities are not insured by the Canada Deposit Insurance Corporation or by any other government deposit insurer. For money market funds, there can be no assurances that a fund will be able to maintain its net asset value per security at a constant amount or that the full amount of the investment in a fund will be returned. The Funds are not guaranteed, their values change frequently and past performance may not be repeated.
